Rosenstein Murder.

nounced to Be Fabrication-Brown's Ability to Clear Himself. John Alfred Brown, colored, who is under

Armstead Taylor's Accusation Pro-

indictment at Rockville for alleged participation in the Rosenstein murder, was brought here last night from Baltimore, and Sheriff Thompson had Lieut, Kelly place him in a cell for the night. The sheriff was in Baltimore yesterday and brought Brown here on his way to Rockville, as it was intended to arraign him there today. It was thought best that he should be kept in Washington instead of conveying him direct to Rockville.

The prisoner repeated to the officers his denial of any knowledge of the Slidell murder, and says he is certain he will be able to establish his innocense when he is given a hearing.

#### Brown's Statement.

To a Star reporter Brown said he had no idea why Taylor should have made the accusation against him, unless it was that he wanted to get even for the whippings he had given him when he was a

"You see," he said, "Taylor's mother married my brother, and while his parents were in service the boy lived at my house. He was a bad boy and I had to whip him a

Brown said that Taylor spent the night before the murder at his house, but, he asserted, he never said a word to him of what he intended to do Saturday morning The reporter told him of Taylor's statements about his (Brown's) having planned the robbery, as he (Taylor) knew nothing of the money the Rosensteins had in their store. Brown declared that he knew noth ing of their having had money. The man who had charge of the post office in Rosenstein's store, he said, knew nothing of Mr. Rosenstein's money affairs, and he wanted to know how an ordinary farm hand could know it. He said he had often heard Mr. Rosenstein say that he kept no money there, and he had also seen him refuse to cash checks for small amounts for this reaso Brown and Armistead Taylor were taken Rockville today for arraignment before

Armstead Taylor's Antecedents. A letter written by Charles A. Brown was

#### TRIAL TRIP MADE.

Car Run on City and Suburban Road-Special Correspondence of The Evening Star.

HYATTSVILLE, Md., May 24, 1899. A successful trial trip was made this evening over the City and Suburban electric road, the car running as far as Lakeland. about three miles north of this village and about one mile from the terminus of the road. Vice President Schoepf and several other officials of the road made the trip. The road will endeavor to put a schedule in operation by next Sunday. The transfer station between this village and Riverdale will be completed in about ten days. Mr. Schoepf stated today that sufficient current is now available to run the cars, the substation being a safeguard.

Trowbridge—6-2, 6-0.

First round—Paret and Davidson beat
Smyth and Nettleton—6-4, 4-6, 6-4.

It was a day of surprises, for J. C. David-Mr. Charles H. Stanley of this county, chancellor of the diocese of Washington, has gone to New York to attend a meeting of the committee on divorce canons of the Protestant Episcopal Church convention. Mr. Stanley represents this diocese on the committee, and the Rev. J. Houston Eccles-ton, rector of Emmanuel Church, Baltimore, represents the Maryland diocese. The Rev. Dr. Morgan Dix, rector of Trinity Church of New York city, is chalrman of the committee. Added interest has been lent the subject before the committee by the Bel-mont-Sloan wedding and other fashionable matrimonial alliances, alleged to be in de-

matrimonial alliances, alleged to be in defiance of the traditions of the church.

Mr. Stanley was recently re-elected chancellor of the diocese of Washington, the most important office which can be held in the diocese by a layman, the chancellor being the advisor of the bishop upon all questions of child and canonical law. Mr. Sten tions of civic and canonical law. Mr ley will remain in New York several days.

haps the best bunch of crack amateurs

that have ever raced in this city at one time.
The races themselves were highly inter-

esting, and the finishes in many instances were of the heart-breaking order. Three

records were broken. Floyd McFarland, the lanky Californian, in his heat of the two-mile handleap, the jubilee event of the

day, rode like a fiend, and, though he did not win the race, he qualified, and was successful in winning the final. The time

was taken in his heat, and he covered the two miles in 4.08 2-5, which breaks the

world's record, established last year at In-dianapolis, Ind., by Eddie Bald, who rode the distance in 4.08 3-5, just one-fifth of a

second slower.

The other record that was smashed was

The other record that was smashed was the one-mile exhibition, which resulted in the riding of the fastest mile ever known on a bicycle. Fournier, the dare-devil Frenchman, with C. S. Henshaw steering and with the assistance of his motorcycle, rode a mile in 1.31 1-5. The best previous time ever made was 1.31 4-5, which Major Taylor, the colored rider, is accredited with having ridden last fall at the Willow Grove track, Philadelphia, behind human pace.

track, Philadelphia, behind human pace. Fournier and Henshaw were mounted on the motorcycle, the power supplied being augmented by a chain adjustment connected

with the pedals. The five-mile amateur handicap record was also smashed, though

It was the first time the local public ever

saw a motorcycle in operation. The ma-chine is really a triplet, the front seat be-

ing occupied by the steersman, the second

seat, or place where it ought to be, being filled with the motor, while the operator occupies the rear seat. When the machine

appeared on the track, making a noise something like a steam engine, the people did not think it could travel fast, but in

this they were mistaken. As Fournier let on more power the machine sped around like lightning, the legg of the men moving

ilke piston rods on a rapidly moving loco-motive. After the exhibition yesterday Fournier declared that he could cover a mile in 1.20 on the park track. He stated

that he gauged himself only to break the

record.

A. C. Moran was the only local man who

A. C. Moran was the only local man who won anything. He qualified in almost all of the races in which he entered. He won his heat in the two-mile jubilee handleap, and in the final obtained second place. He made a magnificent sprint and won the place on the homestretch, being the last man in the bunch when the third turn was

reached. Billie Sims rode much better than was expected, after his bad fall last Sat

urday in New York, his limbs still being

scarred up and stiff from the accident.
In the amateur events none of the local

men was fast enough to obtain a place, the outside talent carrying off all of the henors. In the five-mile handicap Rutz

did excellent work, though he was warned

by the referee about looking behind. He kept the bunch in the lead, and on the last

lap sprinted far ahead and was an easy winner. The scratch men, Schofield and Hausman, worked hard, but were unable

The final basket ball game of the season will be played tomorrow evening in the Carroll Institute gymnasium by the Carroll Institute and Corcoran Cadet Corps teams. It will be a benefit game, conducted under the National Association rules and will be called at 8:30 o'clock. Dancing will follow the contest. The teams will be as follows: Carrolls-Daly, right forward; Guista, left forward; Brick, center; Lynch, right back; Ourand, left back. Corcorans—McGlue-Rowland, right forward; Zell, left forward; Boulay-Hendley, center; Moriarty, right back; Heffner, left back.

Good Work of the Invincibles. The Invincibles of East Washington are one of the amateur base ball clubs of this city who are getting down to good, hard work, and the boys deserve great credit for the fine showing they are making in the ball tossing line. They average in age fourteen years, and this season have played fifteen games and have lost but two of this number. Their captain, Jno. J. Plunkert, is a hustler, and the large number of games they have won is due to a certain extent to they have won is due to a certain extent to his ability in coaching his players. The balance of the team comprises Richmond brothers, Ciy and Percy, Joe Cullen, John Woods, Jack Kennedy, Louis Kleindenst, Geo. Lankford, Harry Cullen and Joe Sy-monski. Address challenges to John J. Plunkert, 521 3d northeast.

The events of the national peace jubilee will be reported in an interesting manner in the columns of The Evening Star. The issues of the week covering the memorable celebration will be mailed to any address in the United States for 13 cents.
